 10. THE DRAWINGS ARE TO BE MADE IN CONFORMANCE WITH THE BUILDING REGULATIONS AND APPROVED BY THE LOCAL AUTHORITY.

Building Regulation (B1):

Part L1: Energy Efficiency

1. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

2. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

3. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

4. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

5. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

6. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

7. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

8. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

9. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

10. The proposed development must comply with the requirements of Part L1 of the Building Regulations.

Part L2: Energy Efficiency

1. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

2. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

3. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

4. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

5. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

6. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

7. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

8. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

9. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

10. The proposed development must comply with the requirements of Part L2 of the Building Regulations.

Part L3: Energy Efficiency

1. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

2. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

3. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

4. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

5. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

6. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

7. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

8. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

9. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

10. The proposed development must comply with the requirements of Part L3 of the Building Regulations.

Part L4: Energy Efficiency

1. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

2. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

3. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

4. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

5. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

6. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

7. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

8. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

9. The proposed development must comply with the requirements of Part L4 of the Building Regulations.

10. The proposed development must comply with the requirements of Part L4 of the Building Regulations.
