DBV3: MAPS

CONVERSION TABLE

Updated 13th May 2025

The conversion table is based on the grid reference numbers on the O.S. 25" block reference grid in the searchroom. For example, if on the 25" O.S. block reference grid the place you are interested in is on sheet no.42, order DBV3/42. For the accompanying Domesday Book see DBV1 and 2. **Note not all the maps have survived.** The numbers in round brackets denote the number of maps. Maps from Collection Z720 have been inserted to complete the collection, 2024.
